1.4 The Regional Office shall submit its report and recommendation to the CHED Central office within 7 days after the termination of the ocular inspection/evaluation.

The mandated period for CHED to act on the application shall be strictly observed.

1.5 If the Petitioner/applicant is found to be qualified, the Commission en Banc upon the recommendation of the Director in-charge with the regulation of review centers, may approve the application/petition and thereafter, issue or cause the issuance to the petitioner/applicant of a Permit to Operate a Review Center or a Permit to Conduct Review Classes upon payment of the required registration fee by the Petitioner/Applicant.

1.6 In case the Application is disapproved, the Commission upon meritorious and valid ground shall entertain only one Motion for Reconsideration. The MR shall be filed within an unextendible period of ten (10) days upon receipt of the Order of Denial/Disapproval.

1.7 A registration fee of P200,000.00 shall be paid by the Applicant/Petitioner before the Permit shall be released and the applicant /Petitioner deemed effectively registered as an authorized review center.

RULE IX

REVIEW CENTER CAPABILITY AND QUALITY

Rule 9. Review Center Capability and Quality. The following factors shall be major considerations, in addition to the specific applicable requirements under similar CHED regulations and those that will be issued later, in the evaluation and assessment of the school's application:

1. HUMAN RESOURCES

a) The review course/center must have sufficient number of highly qualified experts or academicians engaged in providing the review courses at high quality and within ethical bounds. The review center must have an appropriate administrative organization and staff.

b) Reviewers, mentors or teaching coaches should have at least a master's degree in their field of specialization and should have at least 5 years experience and training in a senior administrative field/position to ensure quality and in addition be reputable and of high integrity.
